

Vocabulary 00: Welcome to the FACS Room

Unit 0, Launch. The unit's Tier 3 words across the five days, with a one-line definition written for a grade 6 to 7 reader and a Spanish column.

Translation status. The Spanish column is a working translation and has not been verified by a native speaker. Use it for word banks and picture cards; have a native speaker, a bilingual colleague, or the ENL teacher check the whole table once before it is printed for students. Where a term is a classroom routine rather than a plain word (do now, reset cue, role card), the translation gives the meaning, and the English term stays on the card too, because students will hear it every day.

How lessons use this file: each lesson names its own Tier 3 words; the handout for that lesson carries a word bank pulled from this table in both languages. The reset cue and the five decision steps are also on wall posters in English and Spanish.

The table

#	Day	English term	Student definition	Spanish
