

Vocabulary 01: Kitchen Skills and Smart Eating

Unit 1, Nutrition and Wellness. The unit's Tier 3 words across the four topics, with a one-line definition written for a grade 6 to 7 reader and columns for Turkish, Portuguese, and Spanish.

Translation status: [check with a native speaker]. The Turkish, Portuguese, and Spanish columns are my best working translations and have not been verified by a native speaker. Use them for word banks and picture cards; have a native speaker, a bilingual colleague, or the ENL teacher check the whole table once before it is printed for students. Where a term is a kitchen convention rather than a plain word (mise en place, tsp, FIFO), the translation gives the meaning, and the English term stays on the card too, because students will see it in every recipe.

How lessons use this file: each lesson names its own Tier 3 words; the handout for that lesson carries a word bank pulled from this table in the three languages. The site's Materials page prints this table as picture-ready cards.

The table [check with a native speaker]

#	Topic	English term	Student definition	Turkish	Portuguese	Spanish
1	1.1	hazard	Something in the kitchen that could hurt somebody if nobody fixes it.	tehlike	perigo	peligro
2	1.1	sanitation	Keeping hands, tools, and surfaces clean so germs do not get into food.	hijyen (sanitasyon)	higienização	saneamiento (higiene)
