

Vocabulary 02: Me, My Goals, My Money

Unit 2, Individual Growth and Life Readiness. The unit's 54 Tier 3 words across the five topics, with a one-line definition written for a grade 6 to 7 reader and columns for Turkish, Portuguese, and Spanish.

Translation status: [check with a native speaker]. The Turkish, Portuguese, and Spanish columns are my best working translations and have not been verified by a native speaker. Use them for word banks and picture cards; have a native speaker, a bilingual colleague, or the ENL teacher check the whole table once before it is printed for students. Money words are the ones most likely to differ by country (a “check,” a “debit card,” and “buy now pay later” have different everyday names in Turkey, Brazil, Portugal, and the Spanish-speaking countries), so the English term stays on every card, because students will see the English word on a real pay stub, a real statement, and a real app.

Two words appear twice on purpose. “Interest” means what you like (Topic 2.1) and what money earns or costs (Topic 2.3); the translations are different words. “Return” here is the money word, not the verb.

How lessons use this file: each lesson names its own Tier 3 words; the handout for that lesson carries a word bank pulled from this table in the three languages. The site's Materials page prints this table as picture-ready cards.
